

**APPLY FOR LAND USE PERMITS ONLINE NOW AT <https://kitteryme.fbgov.us>**

## Town of Kittery, Maine Land Use and Development Online Permitting System

The Code Enforcement and Planning and Development Departments are proud to introduce a new and innovative web based permitting system for land use and development applications. These services provide Kittery residents and developers a streamlined application process aimed improving customer service by providing expedited review time, 24 hour access to the application status, and convenience by eliminating the need for inconvenient trips to Town Hall or the Post Office.

Applications for the following permits are now available at <https://kitteryme.fbgov.us>:

### [Code Enforcement Department](#)

Building  
Plumbing  
Home Occupation  
Sign  
Demolition

### [Planning and Development Department](#)

Site Plan Review  
Subdivision Review  
Right of Way Plan  
Business Use Change  
Wetlands Alteration

### [Department of Public Works](#)

Curb Cut / Driveway

The Town of Kittery is proud to be the 1<sup>st</sup> town in the State of Maine to join the municipalities throughout Massachusetts and Rhode Island already on-line with FBGOV. This permitting system is designed specifically for use in local government land use permitting and tailored to each individual application's requirements.

The system allows you to apply for any permit listed above without logging on or entering a password. However, you can also create an account within the system to reduce the need for unnecessary duplication and input of information. This process will take just seconds and will provide you with detailed information on any active permit you have submitted through this system.

At this time additional supporting application information must be submitted as an attachment via email and cannot be uploaded through this website. Please click on the appropriate department or copy the email address below to submit additional information or questions.
