

MEMORANDUM

TO: George Kathios, Superintendent, Town of Kittery Sewer Department
FROM: Mark Thompson, Kleinfelder
DATE: March 21, 2016
SUBJECT: **Sewer Expansion Project—Public Discussions of Betterments**

As you know, there were numerous public meetings and discussions regarding expanding the sewer system well before and during, design and construction. A major focus of those meetings and discussions was the cost of the project, and how it would be repaid, including betterments. We have reviewed our records regarding public discussions of utilizing betterments as part of the anticipated revenue sources to be used for bond repayment. The following table summarizes those meetings, several of which were specifically focused on betterments. The meetings were available live on cable TV and video recordings of the meetings are currently available on www.townhallstreams.com. The video of the most recent betterment meeting can viewed at:
